

**Safety Data Sheet**  
**2-Ethylhexanol**

**SECTION 1 - PRODUCT AND COMPANY IDENTIFICATION**

**1.1 Product identifier**

**Product name:** 2-Ethylhexanol

**Synonym(s):** 2-EH; 2-Ethyl-1-hexanol; 2-Ethylhexan-1-ol; 2-Ethylhexyl alcohol

**1.2 Relevant identified uses of the substance or mixture and uses advised against**

**General use:** Industrial and laboratory applications

**Uses advised against:** None specified

**1.3 Details of the supplier and of the safety data sheet**

**Manufacturer/Distributor**

Silver Fern Chemical, Inc.

121 W. De La Guerra Street, Suite B

Santa Barbara, CA 93101 USA

Phone: 1-866-282-3384

Website - [www.silverfernchemical.com](http://www.silverfernchemical.com); Email Address - [info@silverfernchemical.com](mailto:info@silverfernchemical.com)

**1.4 Emergency Telephone Number**

**+1-800-535-5053; Outside USA & Canada +1-352-323-3500**

**SECTION 2 - HAZARDS IDENTIFICATION**

**2.1 Classification of substance or mixture**

**Product definition:** Substance

**Classification in accordance with 29 CFR 1910 (OSHA HCS) and Regulation EC No. 1272/2008**

Combustible Liquid - Category 4 [H227]

Skin Irritation - Category 2 [H315]

Eye Irritation - Category 2A [H319]

Acute Toxicity, Inhalation - Category 4 [H332]

Single Target Organ Toxicity, Single Exposure - Category 3; STOT SE 3 [H335]

**2.2 Label elements**

**Hazard symbol(s):**

GHS07

**Signal word:** Warning

**Hazard statement(s):**  
H227 - Combustible liquid  
H315 - Causes skin irritation  
H319 - Causes serious eye irritation  
H333 - May be harmful if inhaled  
H335 - May cause respiratory irritation

**Precautionary statements:**

**[Prevention]**

P210 - Keep away from heat, open flames and hot surface. No smoking  
P261 - Avoid breathing mist or vapor.  
P264 - Wash hands and other exposed skin areas thoroughly after handling.  
P271 - Use only outdoors or in a well-ventilated area.

**[Response]**

P280 - Wear protective gloves, protective clothing and eye protection.  
P302 + P352 - IF ON SKIN: Wash with plenty of soap and water.  
P304 + P340 + P312 - IF INHALED: Remove victim to fresh air and keep at rest in a comfortable position for breathing. Call a POISON CENTER or doctor if you feel unwell.  
P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.  
P321 - Specific treatment: Call a POISON CENTER or doctor if you feel unwell. Refer to Section 4 of this SDS.  
P332 + P337 + P313 - If skin irritation occurs or eye irritation persists: Get medical attention.  
P362 - Take off contaminated clothing and wash before reuse.  
P370 + P378 - In case of fire: Use water fog, foam, dry chemical or carbon dioxide for extinction.  
**[Storage]** P403 + P235 - Store in a well-ventilated place. Keep cool.  
**[Disposal]** P501 - Dispose of contents and containers in accordance with national and local regulations.

## 2.3 Hazards not otherwise classified (HNOC) or not covered by GHS

None as defined under 29 CFR 1910.1200.

## SECTION 3 - COMPOSITION/INFORMATION ON INGREDIENTS

### 3.1 Substances

| % by Weight | Ingredient     | CAS Number | EC Number | Index Number | GHS Classification           |
|-------------|----------------|------------|-----------|--------------|------------------------------|
| 100         | 2-Ethylhexanol | 104-76-7   | 203-234-3 | -----        | H227, H315, H319, H332, H335 |

There are no additional ingredients present in this product which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

### 3.2 Mixtures

Not applicable

## SECTION 4 – FIRST AID MEASURES

### 4.1 Description of first aid measures

**Inhalation:** If product mist or vapor causes respiratory irritation or distress, move the exposed person to fresh air immediately. If breathing is difficult or irregular, administer oxygen; if respiratory arrest occurs, start artificial respiration by trained personnel. If unconscious, maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband. Seek immediate medical attention.

**Eyes:** Immediately flush eyes with large amounts of water or saline solution for at least 15 minutes, occasionally lifting the upper and lower lids. Remove contact lenses, if present and easy to do, after first 2 minutes and continue rinsing. Seek immediate medical attention, preferably from an ophthalmologist.

**Skin:** Rinse skin with water while removing contaminated clothing. Wash the affected area with soap and water followed by thorough rinsing. Wash contaminated clothing and shoes before reuse. If irritation persists or if the victim feels unwell, seek immediate medical attention.

**Ingestion:** Rinse mouth with water if the victim is conscious. Remove dentures if present. DO NOT induce vomiting unless directed to do so by medical personnel. Vomiting may occur spontaneously. To prevent aspiration of vomit into the lungs, lay the victim on one side with the head lower than the waist. Never give anything by mouth to an unconscious or convulsing person. Do not leave the victim unattended. Seek medical attention.

### 4.2 Most important symptoms and effects, both acute and delayed

#### Potential health symptoms and effects

**Eyes:** Causes serious eye irritation with redness, itching, tearing and discomfort or pain. Mist or vapor may cause eye irritation.

**Skin:** Causes skin irritation with localized redness, itching and discomfort. Prolonged contact with unprotected skin may cause drying and cracking of the skin or dermatitis.

**Inhalation:** Harmful if inhaled. Causes irritation of the upper respiratory tract. Symptoms may include headache, sore throat, cough and difficulty breathing. Prolonged exposure may cause central nervous system depression characterized muscle weakness, anesthetic effects, dizziness, incoordination, unconsciousness and coma.

**Ingestion:** May cause gastrointestinal irritation with headache, nausea, vomiting, abdominal pain and diarrhea.

**Chronic:** Individuals with pre-existing skin conditions and respiratory disorders may be more susceptible to the effects of this product. Prolonged or repeated skin contact may cause defatting of the skin, dermatitis or aggravate existing skin conditions.

### 4.3 Indication of any immediate medical attention and special treatment needed

#### Advice to doctor and hospital personnel

Treat symptomatically and supportively.

## SECTION 5 – FIRE FIGHTING MEASURES

### 5.1 Extinguishing media

**Suitable methods of extinction:** Use extinguishing media such as dry chemical, carbon dioxide, alcohol-resistant foam, water spray or water fog.

**Unsuitable methods of extinction:** Water jets or streams can spread the fire.

### 5.2 Special hazards arising from the substance or mixture

Combustible liquid! Vapors are heavier than air and can travel along the ground to a source of ignition and flash back. Vapors can spread along the ground and collect in low or confined areas. Closed containers may rupture due to the buildup of pressure when exposed to extreme heat. During emergency conditions overexposure to decomposition products may cause a health hazard. Symptoms may not be immediately apparent or may be delayed. Obtain medical attention.

**Explosion hazards:** Avoid high temperatures, hot surfaces and sources of ignition.

### 5.3 Advice to firefighters

Full protective equipment including self-contained breathing apparatus should be used. Water may be used to cool closed containers to prevent pressure buildup and possible autoignition or explosion when exposed to extreme heat. Water contaminated by this material must be contained from being discharged to any waterway, sewer or drain to prevent environmental contamination.

## SECTION 6 – ACCIDENTAL RELEASE MEASURES

---

### 6.1 Personal precautions, protective equipment and emergency procedures

Evacuate non-essential personnel. Wear appropriate protective clothing and equipment designated in Section 8.2. Ventilate the area. Remove all sources of ignition. NO SMOKING. Clean up spills immediately. Spill creates a slip hazard.

### 6.2 Environmental precautions

Avoid dispersal of spilled material or runoff and prevent contact with soil and entry into drains, sewers or waterways.

### 6.3 Methods and materials for containment and cleaning up

Approach spill from upwind direction. Cover drains and contain spill. DO NOT FLUSH SPILLS DOWN THE DRAIN. Cover spill with a large quantity of inert absorbent. Do not use combustible material such as sawdust. Collect material using non-sparking tools and place in an approved container for proper disposal. Observe possible material restrictions (Sections 7.2 and 10.5). Clean contaminated area with soap and water. Do not allow material or runoff from rinsing contaminated areas to enter floor drains or storm drains and ditches that lead to waterways. Dispose of material via a licensed waste disposal contractor.

### 6.4 Reference to other sections

For indications about waste treatment, see Section 13.

## SECTION 7 – STORAGE AND HANDLING

---

### 7.1 Precautions for safe handling

Wear all appropriate personal protective equipment specified in Section 8.2. Do not get in eyes or on skin or clothing. Do not breathe vapor or mist. NO SMOKING. If normal use of material presents a respiratory hazard, use only adequate ventilation or wear an appropriate respirator. Wash contaminated clothing and shoes thoroughly after use.

#### Advice on protection against fire and explosion

Avoid exposure to high temperatures, sources of ignition and hot surfaces.

### 7.2 Conditions for safe storage, including any incompatibilities

Store in dry, cool, well-ventilated areas away from incompatible materials (see Section 10.5), food and drink. Keep away from heat and ignition sources. Transfer only to approved containers having correct labeling. Keep container tightly closed when not in use. Protect containers from physical damage. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Containers of this material are hazardous when empty as they contain product residues. Use appropriate containment to avoid environmental contamination. Ventilate closed areas. Keep out of reach of children.

### 7.3 Specific end uses

Apart from the uses mentioned in Section 1.2, no other specific uses are stipulated.

## SECTION 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

---

### 8.1 Control parameters

Contains no substances with occupational exposure limit values.

### 8.2 Exposure controls

**Engineering measures:** Technical measures and appropriate working operations should be given priority over the use of personal protective equipment. Use adequate ventilation. Local exhaust is preferable. Refer to Section 7.1.

**Individual protection measures:** Wear protective clothing to prevent repeated or prolonged contact with product. Protective clothing needs to be selected specifically for the workplace, depending on concentrations and quantities of hazardous substances handled. The chemical resistance of the protective equipment should be enquired at the representative supplier.

**Hygiene measures:** Facilities storing or using this material should be equipped with an eyewash station and safety shower. Change contaminated clothing. Preventive skin protection is recommended. Wash hands thoroughly after use, before eating, drinking, smoking or using the lavatory.

**Eye/face protection:** Wear protective splash goggles or safety glasses with unperforated side shields during use.

**Hand protection:** Wear gloves recommended by glove supplier for protection against materials in Section 3. Gloves should be impermeable to chemicals and oil. Breakthrough time of selected gloves must be greater than the intended use period.

**Skin protection:** Wear protective clothing, if needed. Wear protective boots if the situation requires.

**Respiratory protection:** Always use an approved respirator when vapor/aerosols exceed permissible exposure limits. Where risk assessment shows air-purifying respirators are appropriate use a half-mask respirator with multi-purpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU). Follow OSHA respirator regulations found in 29 CFR 1910.134 or European Standard EN 149.

**Environmental exposure controls:** Do not empty into drains.

*PPE must not be considered a long-term solution to exposure control. PPE usage must be accompanied by employer programs to properly select, maintain, clean fit and use. Consult a competent industrial hygiene resource to determine hazard potential and/or the PPE manufacturers to ensure adequate protection.*

## SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

### 9.1 Information on basic physical and chemical properties

|                                         |                                   |
|-----------------------------------------|-----------------------------------|
| Appearance                              | Clear, colorless liquid           |
| Odor                                    | Musty                             |
| Odor Threshold                          | 0.07 ppm                          |
| Molecular Weight                        | 130.23 g/mol                      |
| Chemical Formula                        | C <sub>8</sub> H <sub>18</sub> O  |
| pH                                      | Not applicable                    |
| Freezing/Melting Point Range            | -76 to -70 °C (-105 to -94 °F)    |
| Initial Boiling Point                   | 184 °C (363 °F)                   |
| Evaporation Rate                        | No data available                 |
| Flammability (solid, gas)               | Not applicable                    |
| Flash Point                             | 73.3 °C (163.9 °F), closed cup    |
| Autoignition Temperature                | No data available                 |
| Decomposition Temperature               | No data available                 |
| Lower Explosive Limit (LEL)             | 0.88% (v) [literature]            |
| Upper Explosive Limit (UEL)             | 9.7% (v) [literature]             |
| Vapor Pressure                          | No data available                 |
| Vapor Density                           | No data available                 |
| Specific Gravity                        | 0.833 @ 20 °C                     |
| Viscosity                               | No data available                 |
| Solubility in Water                     | Negligible                        |
| Partition Coefficient (n-octanol/water) | log P <sub>ow</sub> = 2.9 @ 25 °C |
| Oxidizing Properties                    | Not applicable                    |
| Explosive Properties                    | Not applicable                    |
| Volatiles by Weight @ 21 °C             | No data available                 |

### 9.2 Other Data

No data available

## SECTION 10 – STABILITY AND REACTIVITY

### 10.1 Reactivity

This material is stable under normal handling conditions and use.

### 10.2 Chemical Stability

This material is stable under recommended storage conditions.

### 10.3 Possibility of hazardous reactions

Hazardous polymerization will not occur.

### 10.4 Conditions to avoid

Avoid temperature extremes, hot surfaces, contact with incompatible materials.

### 10.5 Incompatible materials

Strong oxidizers, strong acids

### 10.6 Hazardous decomposition products

Thermal decomposition products include oxides of carbon.

## SECTION 11 – TOXICOLOGICAL INFORMATION

### 11.1 Information on toxicological effects

#### Acute oral toxicity

LD<sub>50</sub>, rat: 3,290 mg/kg

#### Acute inhalation toxicity

LC<sub>50</sub>, rat: 1.2 mg/l, 6 h

#### Acute dermal toxicity

LD<sub>50</sub>, rat: > 3,000 mg/kg

#### Skin irritation

Causes skin irritation.

**Eye irritation**

Cause serious eye irritation.

**Sensitization**

No data available

**Carcinogenicity**

No data available

**Germ cell mutagenicity**

No data available

**Mutagenicity**

No data available

**Specific organ toxicity - single exposure**

May cause respiratory irritation, drowsiness or dizziness.

**Specific organ toxicity - repeated exposure**

No data available

**Aspiration hazard**

No data available

**11.2 Further information**

This product contains no substances present at levels greater than or equal to the 0.1% threshold (de minimis) that are identified as a probable, possible, potential or confirmed carcinogens by ACGIH, IARC, NTP or OSHA. No data is available regarding the mutagenicity or teratogenicity of this product, nor is there any available data that indicates that it causes adverse developmental or fertility effects.

Handle in accordance with good industrial hygiene and safety practice.

**SECTION 12 - ECOLOGICAL INFORMATION**

---

**12.1 Toxicity**

This substance is harmful to aquatic life with long lasting effects.

**Acute toxicity to fish:**

LC<sub>50</sub> - Pimephales promelas (Fathead minnow), 96 h: 28.2 mg/l

**Toxicity to aquatic invertebrates:**

EC<sub>50</sub> - Daphnia magna (Water flea), 24 h: 39 mg/l

NOEC - Daphnia magna (Water flea), 21 d: > 7.5 µg/l

**12.2 Persistence and degradability**

This product is readily biodegradable.

**12.3 Bioaccumulation potential**

This bioaccumulation potential for this material is low.

**12.4 Mobility in soil**

No data available

**12.5 Results of PBT and vPvB assessment**

This material is not persistent, bioaccumulative and toxic (PBT) and not very persistent and very bioaccumulative (vPvB).

**12.6 Other effects****Additional ecological information**

Do not allow material to run into surface waters, wastewater or soil.

An environmental hazard cannot be excluded in the event of unprofessional handling or disposal.

**SECTION 13 – DISPOSAL CONSIDERATIONS**

---

**13.1 Waste treatment methods**

Methods of disposal: The generation of waste should be avoided or minimized whenever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers.

**RCRA F-Series:** No listings above the reportable threshold (de minimis)

**RCRA U-Series:** No listings above the reportable threshold (de minimis)

**SECTION 14 – TRANSPORTATION INFORMATION**

---

**Note:** Transportation information provided is for reference only. Customer is urged to consult 49 CFR 100 - 177, IMDG, IATA, EC, United Nations TDG and WHMIS (Canada) TDG information manuals for detailed regulations and exceptions covering specific container sizes, packaging materials and methods of shipping.

*A flammable liquid with a flash point at or above 38 °C (100 °F) that does not meet the definition of any other hazard class may be reclassified as a*

combustible liquid. This provision does not apply to transportation by vessel or aircraft, except where other means of transportation are impracticable. May be reclassified as not regulated for transport in non-bulk packages having a maximum capacity less than or equal to 450 liters (119 gallons).

#### USA DOT (Ground Transportation) - Bulk

| RID/ADR (Rail Transportation)   | Not regulated for transport                                                           |

Drum Label(s)

## SECTION 15 - REGULATORY INFORMATION

### 15.1 Safety, health and environmental regulations/legislation specific for substance or mixture

#### U. S. Federal Regulations

**OSHA Hazard Communication Standard:** This material is classified as hazardous in accordance with OSHA 29 CFR 1910-1200.

**OSHA Process Safety Management Standard:** This product is not regulated under OSHA PSM Standard 29 CFR 1910.119.

**EPA Risk Management Planning Standard:** This product is not regulated under EPA RMP Standard (RMP) 40 CFR Part 68.

**EPA Federal Insecticide, Fungicide and Rodenticide Act:** This product is not a registered Pesticide under the FIFRA, 40 CFR Part 150.

**Toxic Substance Control Act (TSCA) Inventory:** All substances in this product are listed on the TSCA Inventory. This product is not subject to TSCA 12(b) Export Notification.

**Drug Enforcement Administration (DEA) List 2, Essential Chemicals (21 CFR 1310.02(b)) and 1310.4(f)(2)) and Chemical Code Number**  
Not listed

**Drug Enforcement Administration (DEA) Lists 1 & 2, Exempt Chemical Mixtures (21 CFR 1310.12(c)) and Code Number:** Not listed

**Department of Homeland Security (DHS) Chemical Facility Anti-Terrorism Standards (CFATS) Chemicals:** Not listed

#### **Superfund Amendments and Reauthorization Act (SARA)**

##### **SARA Section 311/312 Hazard Categories**

Combustible liquid      Causes skin irritation and serious eye irritation      Harmful if inhaled      May cause respiratory irritation

**SARA 313 Information:** None of the components of this product are subject to reporting requirements of Section 313 of the Emergency Planning and Community Right-to Know Act of 1986.

**SARA 302/304 Extremely Hazardous Substance:** None of the components of this product exceed the threshold (de minimis) reporting levels established by these sections of Title III of SARA.

**SARA 302/304 Emergency Planning & Notification:** None of the components of this product exceed the threshold (de minimis) reporting levels established by these sections of Title III of SARA.

**Comprehensive Response Compensation and Liability Act (CERCLA):** No components of the product exceed the threshold (de minimis) reporting levels for hazardous wastes established by CERCLA.

#### **Clean Air Act (CAA)**

This product does not contain any Hazardous Air Pollutants (HAPs) designated in CAA Section 112 (b).

This product does not contain Class 1 ozone depleters.

This product does not contain Class 2 ozone depleters.

#### **Clean Water Act (CWA)**

This product does not contain any Hazardous Substances listed under the CWA.

This product does not contain any Priority Pollutants.

This product does not contain any Toxic pollutants.

#### U.S. State Regulations

##### **California Prop 65, Safe Drinking Water and Toxic Enforcement Act of 1986**

This product contains no chemical(s) known to the state of California to cause cancer birth defects or reproductive harm in concentrations that exceed the threshold (de minimis) reporting levels established under Proposition 65.

##### **Other U.S. State Inventories**

2-Ethylhexanol (CAS # 104-76-7) is listed on the following State Hazardous Substance Inventories, Right-to-Know lists and/or Air Quality/Air Pollutants lists: PA.

#### Canada

**WHMIS Hazard Classification:** Combustible liquid      Causes serious eye irritation

**Canadian National Pollutant Release Inventory (NPRI):** None of the components of this product are listed on the NPRI.

**European Economic Community**

**WGK, Germany (Water danger/protection):** 1 (slightly hazardous to water)

**Global Chemical Inventory Lists**

| Country       | Inventory Name                                                     | Listed |
|---------------|--------------------------------------------------------------------|--------|
| Canada        | Domestic Substance List (DSL)                                      | Yes    |
| Canada        | Non-Domestic Substance List (NDSL)                                 | No     |
| Europe        | Inventory of New and Existing Chemicals (EINECS)                   | Yes    |
| United States | Toxic Substance Control Act (TSCA)                                 | Yes    |
| Australia     | Australian Inventory of Chemical Substances (AICS)                 | Yes    |
| New Zealand   | New Zealand Inventory of Chemicals (NZIoC)                         | Yes    |
| China         | Inventory of Existing Chemical Substances in China (IECSC)         | Yes    |
| Japan         | Inventory of Existing and New Chemical Substances (ENCS)           | Yes    |
| Korea         | Existing Chemicals List (KECI)                                     | Yes    |
| Philippines   | Philippines Inventory of Chemicals and Chemical Substances (PICCS) | Yes    |

\*Yes - All components of this product comply with the inventory requirements administered by the governing country.

No - One or more components of this product are not on the inventory or are exempt from listing.

## 15.2 Chemical safety assessment

For this product a chemical safety assessment was not carried out.

## SECTION 16 - OTHER INFORMATION

### Hazardous Material Information System (HMIS)

|                     |   |
|---------------------|---|
| HEALTH              | 2 |
| FLAMMABILITY        | 2 |
| PHYSICAL HAZARD     | 0 |
| PERSONAL PROTECTION | C |

C = safety glasses & gloves  
& apron

### HMIS Hazard Rating Legend

0 = Minimal 1 = Slight 2 = Moderate

3 = Serious 4 = Severe

\* = Chronic Health Hazard

### NFPA Hazard Rating Legend

0 = Insignificant 1 = Slight 2 = Moderate

3 = High 4 = Extreme

### National Fire Protection Association (NFPA)

### Abbreviation Key

|                         |                                                                                                                   |                        |                                                     |
|-------------------------|-------------------------------------------------------------------------------------------------------------------|------------------------|-----------------------------------------------------|
| <b>ACGIH</b>            | American Conference of Governmental Industrial Hygienists                                                         | <b>LD<sub>50</sub></b> | Lowest Lethal Dose                                  |
| <b>ADR</b>              | Accord Dangereux Routier (European regulations concerning the international transport of dangerous goods by road) | <b>mppcf</b>           | Millions of Particles Per Cubic Foot                |
