

**Revision Date: 06/27/2024** 

#### Section 1. Identification

**Product identifier** 

Product Identity Soy Lecithin, Technical Grade

Other means of identification Soy Lecithin

Relevant identified uses of the substance or mixture and uses advised against

Non-food use

Details of the supplier of the safety data sheet

**Company Name** Silver Fern Chemical, Inc.

2226 Queen Anne Avenue North

Seattle, WA 98109 USA

Customer Service: 1-866-282-3384 /

info@silverfernchemical.com

Emergency telephone number

Website - www.silverfernchemical.com

**Customer Service:** 

#### Section 2. Hazard(s) identification

Classification of the substance or mixture under OSHA's Hazard Communication Standard (1910.1200) revised 2024 (GHS revision 7)

The substance is not classified according to the OSHA Hazcom or WHMIS regulations.

#### Label elements

The substance is not classified according to the OSHA Hazcom or WHMIS regulations.

**Revision Date: 06/27/2024** 

[Prevention]
No GHS prevention statements
[Response]
No GHS response statements
[Storage]
No GHS storage statements

[Disposal]
No GHS disposal statements

#### Other hazards

This product contains no PBT/vPvB chemicals.

This product contains no endocrine disrupting chemicals.

# Section 3. Composition/information on ingredients

This product contains the following substances that present a hazard within the meaning of the OSHA's Hazard Communication Standard (1910.1200) revised 2024 (GHS revision 7).

Ingredient/Chemical Designations	Weight %	GHS Classification	Notes
Lecithins, soya	99 – 100%	Not Classified	
CAS Number: 8030-76-0			No data available
Synonyms: Soybean lecitihin			

The actual concentration or concentration range is withheld as a trade secret.

#### Section 4. First aid measures

#### **Description of first aid measures**

**General** In all cases of doubt, or when symptoms persist, seek medical attention.

Never give anything by mouth to an unconscious person.

Inhalation Remove to fresh air, keep patient warm and at rest. If breathing is irregular or

stopped, give artificial respiration. If unconscious, place in the recovery position and obtain immediate medical attention. Give nothing by mouth.

**Eyes** Rinse with plenty of clean water for at least 15 minutes, holding the eyelids

apart and seek medical attention.

<sup>\*</sup>PBT/vPvB - PBT-substance or vPvB-substance.

The full texts of the phrases are shown in Section 16.

**Revision Date: 06/27/2024** 

**Skin** Remove contaminated clothing. Wash skin thoroughly with soap and water

or use a recognized skin cleanser.

Ingestion If swallowed obtain immediate medical attention. Keep at rest. Do NOT

induce vomiting.

# Most important symptoms and effects, both acute and delayed

**Overview** No specific symptom data available.

Treat symptomatically. See section 2 for further details.

#### Section 5. Fire-fighting measures

# **Extinguishing media**

Recommended extinguishing media; alcohol resistant foam, CO<sub>2</sub>, powder, water spray. Unsuitable extinguishing media: Do not use; water jet.

# Special hazards arising from the substance or mixture

Hazardous decomposition: No hazardous decomposition data available.

#### **Advice for fire-fighters**

As with all fires, wear positive pressure, self-contained breathing apparatus, (SCBA) with a full-face piece and protective clothing. Persons without respiratory protection should leave area. Wear SCBA during clean-up immediately after fire. No smoking.

#### ERG Guide No.

#### Section 6. Accidental release measures

#### Personal precautions, protective equipment and emergency procedures

Put on appropriate personal protective equipment (see section 8). Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

#### **Environmental precautions**

Do not allow spills to enter drains or waterways.

**Revision Date: 06/27/2024** 

#### Methods and material for containment and cleaning up

Ventilate the area and avoid breathing vapors. Take the personal protective measures listed in section 8.

Contain and absorb spillage with non-combustible materials e.g. sand, earth, and vermiculite. Place in closed containers outside buildings and dispose of according to the Waste Regulations.

#### Section 7. Handling and storage

#### Precautions for safe handling

Handle containers carefully to prevent damage and spillage. See section 2 for further details. - [Prevention]

# Conditions for safe storage, including any incompatibilities

Store at temperatures above 10°C / 50°F. To maintain product quality, do not store in heat or direct sunlight. Keep containers dry and tightly closed to avoid moisture absorption and contamination.

#### Specific end use(s)

No available information

#### Section 8. Exposure controls / personal protection

#### **Control parameters**

#### **Exposure**

CAS No.	Ingredient	Source	Value
8030-76-0	Lecithins, soya	OSHA	No Established Limit
	-	ACGIH	No Established Limit
		NIOSH	No Established Limit

Exposure controls

**Respiratory** If workers are exposed to concentrations above the exposure limit they

must use the appropriate, certified respirators.

**Eyes** Protective safety glasses recommended

**Skin** Avoid skin contact. Protective gloves recommended.

Silver Fern Chemical, Inc. Safety Data Sheet Soy Lecithin, Technical Grade Page 4 of 11

**Revision Date: 06/27/2024** 

Engineering Controls

Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable

respiratory protection must be worn.

Other Work Practices

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and

wash thoroughly before reuse.

See section 2 for further details.

#### Section 9. Physical and chemical properties

#### Information on basic physical and chemical properties

Physical State Viscous liquid Color Yellow to amber

Odor
Melting point / freezing point
Initial boiling point and boiling range
No available information
No available information
(decomposes before boiling)

Flammability (solid, gas) No available information

Upper/lower flammability or explosive

limits

Lower Explosive Limit: No available

information

Upper Explosive Limit:No available

information

Flash Point > 100 °C / 212 °F (Calculated)
Auto-ignition temperature No available information
Decomposition temperature No available information

**pH** 6 .4 - 7 .0

Viscosity (cSt) (Stokes @ 77°F/25°C), max 100

Solubility in Water Insoluble

Partition coefficient n-octanol/water (Log No available information

Kow)

**Vapor pressure (Pa)** <0.01 mmHg at 25 °C (Calculated)

Relative Density 1.03
Bulk Density 8.58 lb/gal

Evaporation rate (Ether = 1)No available informationOxidising propertiesNo available informationExplosive propertiesNo available information

**Revision Date: 06/27/2024** 

#### Other information

No other relevant information.

#### Section 10. Stability and reactivity

### Reactivity

Hazardous Polymerization will not occur.

### **Chemical stability**

Stable under normal circumstances.

# Possibility of hazardous reactions

No available information

#### Conditions to avoid

Avoid high temperatures and contact with incompatible material

#### Incompatible materials

No available information

### Hazardous decomposition products

Thermal decomposition can lead to release of irritating gases and vapors: Carbon monoxide (CO), Carbon dioxide (CO2), Acrolein, Nitrogen oxides (NOx).

# **Section 11. Toxicological information**

#### **Acute toxicity**

Note: When no route specific LD50 data is available for an acute toxin, the converted acute toxicity point estimate was used in the calculation of the product's ATE (Acute Toxicity Estimate).

Ingredient	Oral LD50, mg/kg	Skin LD50, mg/kg	Inhalation Vapor LC50, mg/L/4hr	Inhalation Dust/Mist LC50, mg/L/4hr	Inhalation Gas LC50, ppm

#### Section 15. Regulatory information

**Regulatory** The regulatory data in Section 15 is not intended to be all-inclusive, only selected regulations are represented.

Classification of the substance or mixture under OSHA's Hazard Communication Standard (1910.1200) revised 2024 (GHS revision 7)

**Revision Date: 06/27/2024** 

# **Toxic Substance Control Act (TSCA)**

CAS Number	Ingredient	Toxic Substance Control Act (TSCA)	Comments	Status
0008030-76-0	Lecithins, soya	Yes	UVCB	ACTIVE

The following flags are used:

- •Active indicates commercial status designation of active
- •E indicates a substance that is the subject of a Section 5(e) Consent Order under TSCA.
- •F indicates a substance that is the subject of a Section 5(f) Rule under TSCA.
- •N indicates a polymeric substance containing no free-radical initiator in its Inventory name but is considered to cover the designated polymer made with any free-radical initiator regardless of the amount used.
- •P indicates a commenced Premanufacture Notice (PMN) substance.
- •R indicates a substance that is the subject of a Section 6 risk management rule under TSCA.
- •S indicates a substance that is identified in a final Significant New Uses Rule.
- •SP indicates a substance that is identified in a proposed Significant New Uses Rule.
- •T indicates a substance that is the subject of a final Section 4 test rule under TSCA.
- •UVCB Chemical Substances of Unknown or Variable Composition, Complex Reaction Products and Biological Materials •XU indicates a substance exempt from reporting under the Chemical Data Reporting Rule, (40 CFR 711).
- •Y1 indicates a polymer that has a number-average molecular weight greater than 1,000 and that was exempt under the 1984 polymer exemption rule.
- •Y2 indicates a polymer that is a polyester and that was exempt under the 1984 polymer exemption rule.
